We're in this New Season Together

Brenda & I continually want to express our gratitude for your commitment and partnership with Jude 23 Ministries.

The world seems smaller to us all while we pray together for
His Healing in our Land!

God is not surprised by Covid-19 during this unprecedented 2020 virus. We look ahead to see all God is doing through this.

Unable to travel but God is still using all of us to Make a Difference!

India Nursing Home Jude 23 is helping--New Dining Room!

How are things for you?

Dear Friends,

As I am jotting some thoughts this evening, I was thinking about all of you.

- *How are you coping?*
- *What are your families and children facing this odd season we find ourselves quarantined in?*
- *How many of you have been financially impacted by all of this?*
- *Are you staying healthy?*
- *Are you staying focused?*
- *Have you changed habits in your life?*
- *Are you getting some things done on your honey-do list?*
- *Are you exercising?*
- *Have you changed your eating habits to the good or have you put on a few pounds like me?*
- *Are any of your family members infected by this virus?*

DO YOU NEED A CALL?

There is a lot to think about when we get quarantined to our homes for days and now weeks!

Paul says: "And now, dear brothers and sisters, one final thing. Fix your thoughts on what is true, and honorable, and right, and pure, and lovely, and admirable. Think about things that are excellent and worthy of praise." **Philippians 4:8**
NLT

Be encouraged friend, that tens of thousands are bowing their knees to the **One True God**, Jesus Christ. Be encouraged that more people are attending church services now than they were before we were quarantined!

I heard one pastor who averages 35,000 every Sunday with 1,000 conversions had 195,000 last Sunday watch online with a response of 15,000 salvations! Prayer chains are growing around the globe! People are repenting for their idolatry and mediocrity!

Yes! God does work all things for the good to those who love him! What the devil meant for evil, God will make for the good!

I am encouraged today because the word gives us hope if we stick with it: "When you see all these things come to pass, then look up your redemption draws nigh" (Matthew 24:33, Luke 21:28)

I just want to tell you we love and appreciate you and praying for you to stay strong and be encouraged, God is for you, not against you!

Grateful Hearts

Just a few worthy notes of news for our givers this month. Even though I was unable to travel to my schedule trainings in India, we sent funds to a Nursing Home to assist in caring for the Seniors in India this month. Last year, I was there

If you are like me, you get so busy doing life you don't take time to think.

One of my favorite mentors (John Maxwell) who has taught millions of leaders around the globe, encourages us to take time every day to think. John even recommends too have a ***think chair!***

People are panicking all around us wondering what tomorrow holds. Will we ever get back to ***normal?*** Well unfortunately, I would have to say probably not.

For some, they may never return to their jobs, schools or even homes and families.

In some places around the globe, they will not even have the opportunity to say goodbye to their loved ones.

During these obscured times, I want to encourage you my friends to take a pause, be still and know He is God!

You can get discouraged and stressed out over COVID-19 or set your sites on the God who still can move the mountains, heal the sick and raise the dead!

to dedicate the outdoor dining area.

Last month we sent funds to a ministry doing an amazing job putting Bibles in the hands of every person in Honduras through our friends Jorge & Karen.

We are also working on some online training to equip the Body of Christ.

Thank you for your prayers, I am finally feeling better after three months of feeling weak with a cough and congestion. I was diagnosed with Pneumonia in January than had a bout with one of my kidneys giving me issues.

We are planning upcoming trips to India, Africa and Latin America as funds are available. Please consider a generous gift to Jude 23 Ministry this year so we can continue to advance the Kingdom of God.

Thank you and God's Blessing on Your Lives
